

## Suggested Paediatric Cataract Phaco Set

A comprehensive set of instruments that provides the cataract surgeon with a premium cross-action capsulorhexis forceps and a pre-chopper if required for nucleus disassembly, as well as a standard and an adjustable speculum. The set also includes our bi-manual irrigation and aspiration handpieces for controlled removal of the residual soft lens material.

### 9-573 / 9-573-1 Barraquer Paediatric Speculum

- 9mm closed blades
- Angled to rest temporarily / nassally (9-573-1)
- Single piece construction

9-573

9-573-1
